Hedgehog

The Hedgehog fabric range is a highly versatile option that will look equally as good in a child’s playroom as it will in a stylish baby nursery. This range will have you spoilt for choice, with six trendy colourways on offer.
Zebra

The Monochrome theme continues to be quite popular amongst the design savvy Mum and Bub. The new Zebra print fabric aligns seamlessly with this trend and is a striking black and white option that can be used as a stylish standalone feature, or as a strong base that complements the subtle pops of coloured cushions and plush toys in the room.

STRIKE
Elephant

This new range features a pastel Elephant block print in two gentle, on-trend colour ways that will add a layer of softness to a child’s room.
The Jungle range is a modern take on the ever so popular ‘where the wild things are’ theme. Featuring a playful kid’s motif, the use of bright colours and friendly jungle characters makes this range perfect to use in either a child’s playroom or bedroom setting. The Jungle fabric range is fairly gender and age neutral and will complement the styling of a girls or boys room for many years to come.
